

HUCBMS External Examiner Register

(Updated Feb 2023)

Note that this register is a voluntary listing, with all details listed as received. HUCBMS do not screen those listed or check qualifications/experience so it is the responsibility of the University involved to ensure that the prospective external examiner meets their requirements. All subsequent contact should take place directly between the prospective external examiner and the HUCBMS University concerned.

Programme teams of IBMS accredited courses should note the following IBMS criteria:

The Institute of Biomedical Science (IBMS) criteria for both BSc and MSc degree accreditation requires the appointment of at least one external examiner for the programme that is involved in the teaching and delivery of an IBMS accredited degree. The full list of IBMS accredited programmes can be found [here](#). If you require further information, please contact the IBMS directly at education@ibms.org It is the responsibility of the University involved to check that this criteria is met.
